

INSTRUCTIONS FOR THE ECHOCARDIOGRAPHY ALERTS NOTIFICATION FORM (ECA)

I. General Instructions

The Echocardiography Alerts Notification Form (ECA) is completed by the Echocardiography Reading Center to document critical results. This form is completed if the echocardiogram is judged to have a condition that would require emergent notification. An alert report is auto-generated for the field centers once a notification is entered into the Data Management System.

II. Detailed Instructions for Each Item

- 0a. Enter the date the form is completed.
- 0b. Enter the staff code of the person who is completing the form.
 - 1. Record the date the echocardiogram was completed.
 - 2. Record the date the echocardiogram was received by the reading center.
 - 3. Indicate "yes" for each critical result noted on the echocardiogram. Select "no" if the critical result is not noted on the echocardiogram. If "other"=yes, please specify in the space provided.
 - 4. Record the date of the echocardiogram reading.
 - 5. This question disabled at Visit 7.
 - 6. Record the code number of the person completing the form at the Echo Reading Center.
