

ICT – Informed Consent Tracking Form

Please note, Informed Consent can be updated at any time (i.e. during a follow-up phone call, at a non-scheduled occurrence or when a participant is in the clinic) but **must** be updated for every clinic visit. Because the content of the ICT form can change over time, each version is posted on the Cohort Visits page. Please go to the Annual and Semi-Annual Follow-Up page for the most current version:

https://aric.csc.unc.edu/aric9/researchers/Annual_and_Semi_Annual_Follow_Up

CDART automatically utilizes the proper version of the form.
