Instructions: These two items are designed to ask about frequency of food security at the household level, which represents economic and social aspects of limited or uncertain access to adequate food. The text below should be read verbatim. It includes one sentence to orient the participant to the topic, followed by one sentence providing the participant with instructions about how to respond to the question, followed by the two items. If the participant asks about food expiring, please ask them to think about whether or not there were times at which there was not enough food to eat.

1. Some people have made the following statements about their food situation. Please answer whether the statements were OFTEN, SOMETIMES, or NEVER true for you and your household in the last 12 months.

1a. Within the past 12 months, you worried that your food would run out before you got money to buy more.

Often true
